Dear Bar/Bat Mitzvah Family,

Mazel Tov on your upcoming simcha!! Your child, you and your family, as well as everyone involved at the Temple is working hard to make sure that this day be most special. We at the Temple need your help, though.

As wonderful as it is to have an upgraded sound system, it still is impacted by cell phones and other data sending devices whether they are turned on or on the off mode. *Please ask your guests not to bring cell phones, BlackBerries, etc. into the Sanctuary or Brody Chapel.* If your guests insist on bringing their devices in with them, they must set them to wireless off mode. *Even setting them to vibrate only will **not** work.*

Your cooperation and that of your guests will be greatly appreciated.

Thank you.

B'Shalom,

Temple Emanu-El
House Committee
